

# HEALTH PROMOTION CENTER OF GLENS FALLS HOSPITAL

## COMMUNITY BENEFIT

Glens Falls Hospital has worked to create healthier communities since its founding in 1897. As part of this ideal, numerous community health planning efforts are coordinated by the Health Promotion Center to respond to state and federal requirements and communicate community benefit programs to the public. This includes the Community Health Needs Assessment and Implementation Strategy required through the Affordable Care Act. Through these efforts, our work to improve the health of the patients and communities within our service area aligns with the NYS Prevention Agenda 2013-2017 ([www.health.ny.gov/prevention/prevention\\_agenda/2013-2017](http://www.health.ny.gov/prevention/prevention_agenda/2013-2017)).

## BUILDING HEALTHY COMMUNITIES

The Health Promotion Center of Glens Falls Hospital works to improve the health and well-being of the people and communities in our region. We focus on strategies to make it easier for people to eat well, be tobacco-free, be physically active and obtain preventive care.

For more information, or to get involved in one of our initiatives, contact us today!

HEALTH PROMOTION CENTER

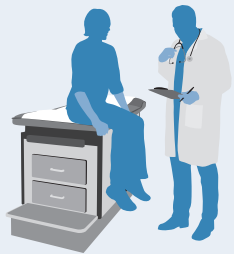

# IT ALL BEGINS WITH HEALTHY PARTNERSHIPS

Health Promotion Center staff partner with school districts, businesses, communities, hospitals and health care provider practices to support healthy lifestyles for our patients and community members. Specific strategies focus on programs, policies, systems and environmental changes that reduce risks for chronic disease and improve quality of life for both children and adults. This work is currently supported through the following grant-funded initiatives:

## LIVING TOBACCO-FREE

**Funder:** NYS Department of Health

**Time Period:** July 2014 - June 2019

## HEALTH SYSTEMS CHANGE

**Service Area:** Warren, Washington, Saratoga, Fulton, Montgomery, Clinton, Essex, Franklin and Hamilton counties

**Setting:** Health Care Provider Organizations

## COMMUNITY PARTNERSHIPS & REALITY CHECK

**Service Area:** Warren, Washington and Saratoga counties

**Setting:** Communities and Schools

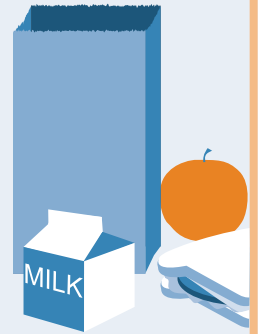

## CREATING HEALTHY SCHOOLS & COMMUNITIES

**Funder:** NYS Department of Health

**Time Period:** October 2015 - September 2020

**Service Area:** Warren, Washington and Saratoga counties

**Setting:** Communities and Schools

The Health Promotion Center also supports two health communication campaigns to promote healthy living in the region:

## GOOD MOVE

Good Move encourages individuals and families to take steps toward good health in the community, workplace and school. Find your Good Move today by visiting us at [GlensFallsHospital.org/GoodMove](http://GlensFallsHospital.org/GoodMove).

*Small Changes, Lasting Rewards.*  
**GOOD MOVE.**

## FIX IT!

Fix It! is a new, collaborative campaign that mobilizes individuals to fix the negative effects that tobacco use and dependency have on our communities. Go to [GlensFallsHospital.org/FixIt](http://GlensFallsHospital.org/FixIt) to learn how you can help.
