Build a support system with people who understand.

Alzheimer's Association® support groups, conducted by trained facilitators, are a safe place for people living with dementia and their care partners to:

- Develop a support system.
- Exchange practical information on challenges and possible solutions.
- Talk through issues and ways of coping.
- Share feelings, needs and concerns.
- Learn about community resources.

This program is supported in part by a grant from the New York State Department of Health.
